

Player	\$	Column4	Column5	Desired %	Notes
Derrick Henry	\$8,600	IND@TEN 09/2	TEN		See the Oracle. I'll try to have one share of him in a version of each game stack I build, yet still be under field.
Dalvin Cook	\$8,400	SEA@MIN 09/2	MIN		2020 Dalvin appeared in Milly winner after questionable tag. https://oneweekseason.com/above-the-field-week-9 .
Alvin Kamara	\$8,200	NO@NE 09/2	NO		I was off him due to Belichick's desire to eliminate opp primary threat. Then JM put him in grid...Shit.
Nick Chubb	\$7,600	CHI@CLE 09/2	CLE		His kind of script...again. Needs 100 yards and 2 TDs for 25 DK points...which might not suffice to win a tourney.
Austin Ekeler	\$7,200	LAC@KC 09/2	LAC		High game total. Fits into KC's defensive tendencies. Huge game. They'll lean on him.
Jonathan Taylor	\$6,700	IND@TEN 09/2	IND		Correlate with Tennessee WR for leverage against D Henry.
Najee Harris	\$6,600	CIN@PIT 09/2	PIT		Volume is king. He'll post a "had to have it" score eventually. Don't be late.
Saquon Barkley	\$6,500	ATL@NYG 09/2	NYG		Happy to eat chalk here. Appears to be healthy, rested and trending upward.
Chris Carson	\$6,400	SEA@MIN 09/2	SEA		So many options at RB. Carson may be a casualty unless I late swap to him.
Joe Mixon	\$6,300	CIN@PIT 09/2	CIN		Injuries along Steelers defense vaulting Mixon's matchup from poor to fine.
David Montgomery	\$6,100	CHI@CLE 09/2	CHI		Can't play em all. Sorry D
Alexander Mattison	\$6,000	SEA@MIN 09/2	MIN		Waiting on Dalvin news...
Antonio Gibson	\$5,900	WAS@BUF 09/2	WAS		Play him in scenarios that involve WFT taking a lead and defending it. I like Gibson/WFT DST
Darrell Henderson Jr.	\$5,900	TB@LAR 09/2	LAR		
D'Andre Swift	\$5,800	BAL@DET 09/2	DET		In love with his PPR upside if they fall behind, which they will.
Ty'Son Williams	\$5,800	BAL@DET 09/2	BAL		
James Robinson	\$5,700	ARI@JAX 09/2	JAX		
Chase Edmonds	\$5,700	ARI@JAX 09/2	ARI		Sure, why not. Play every RB. They all look good. WTF.
Kareem Hunt	\$5,600	CHI@CLE 09/2	CLE		
Damien Harris	\$5,600	NO@NE 09/2	NE		Feels like more of a James White day but Belichick isn't predictable. I'll get my shares on FanDuel
Melvin Gordon III	\$5,500	NYJ@DEN 09/2	DEN		
Kenyan Drake	\$5,500	MIA@LV 09/2	LV		JM likes him correlated with Waddle. For MME I'll toss in Parker and Fuller, each micro owned.
Myles Gaskin	\$5,400	MIA@LV 09/2	MIA		Maybe some sort of personal bias but I like him and therefore despise Malcolm Brown.
Latavius Murray	\$5,300	BAL@DET 09/2	BAL		
J.D. McKissic	\$5,200	WAS@BUF 09/2	WAS		F*%k off already, man. I have copious amounts of Gibson in Best Ball.
Mike Davis	\$5,100	ATL@NYG 09/2	ATL		Averaging 18.5 opportunities per game. ATL is desperate for a W. I'll play him if ownership stays <10%
Jamaal Williams	\$5,100	BAL@DET 09/2	DET		
James Conner	\$5,000	ARI@JAX 09/2	ARI		Probably the best game script/opportunity he'll have all season unless Edmonds gets injured.
Leonard Fournette	\$5,000	TB@LAR 09/2	TB		Like chances of increased snaps due to pass protection experience. Aaron Donald looms.
Devin Singletary	\$4,900	WAS@BUF 09/2	BUF		
James White	\$4,900	NO@NE 09/2	NE		Price pivot off CEH chalk. He won't be in lineups with Kamara much, will he? Hmm...
Javonte Williams	\$4,900	NYJ@DEN 09/2	DEN		Subject of much chatter this week. Will he be involved at goal line or passing game though?
Sony Michel	\$4,900	TB@LAR 09/2	LAR		If you roster Sony this week I'll just assume you're a Georgia alum.
Jeremy McNichols	\$4,800	IND@TEN 09/2	TEN		I'd sooner play Kristy McNichols.
Clyde Edwards-Helaire	\$4,800	LAC@KC 09/2	KC		Voted most likely to make us feel like idiots...one way or the other. Shout out to @u2clay
Ronald Jones II	\$4,800	TB@LAR 09/2	TB		Massive game for TB. I'd be surprised if Ronald gets any significant volume.
Zack Moss	\$4,700	WAS@BUF 09/2	BUF		
Darrel Williams	\$4,700	LAC@KC 09/2	KC		Shoot for the moon GPP play. Narrative is that CEH is in the doghouse and Darrel gets GL touches.
Nyheim Hines	\$4,600	IND@TEN 09/2	IND		
Cordarrelle Patterson	\$4,600	ATL@NYG 09/2	ATL		Among the 37 RBs that could win a GPP or bust this week.
