

Sonic's PPW - RB

| Player | \$ | Column4 | Colu | Notes |
|-----------------------|---------|-----------|------|--|
| Jonathan Taylor | \$9,100 | TB@IND 11 | IND | Destroyed the slate last week. This matchup is tougher and price is rising. Interesting decision here |
| Christian McCaffrey | \$9,000 | CAR@MIA 1 | CAR | Always over the field. Matchup-agnostic sicko. Light Blue Chip in JM's Grid |
| Austin Ekeler | \$8,400 | LAC@DEN 1 | LAC | Massive upside in game that could provide plenty of touches |
| Najee Harris | \$8,200 | PIT@CIN 1 | PIT | A player with his volume shouldn't be 8% owned in tournaments |
| Dalvin Cook | \$8,100 | MIN@SF 1 | MIN | Like him on FD as a bring-back in 49ers stacks |
| Joe Mixon | \$7,500 | PIT@CIN 1 | CIN | Has been treated like a bellcow and performed accordingly. Absolute stud |
| Leonard Fournette | \$6,800 | TB@IND 11 | TB | Lead back in highest implied total of the week |
| Cordarrelle Patterson | \$6,500 | ATL@JAX 1 | ATL | Probably just in game stacks this week...and I'm not running a ton of Ryan/Lawrence |
| Saquon Barkley | \$6,300 | PHI@NYG 1 | NYG | Risky coming off injury bit matchup and pass game role could make him best RB value. |
| James Robinson | \$6,200 | ATL@JAX 1 | JAX | Also risky due to health but matchup is beatable and he generally gets volume. |
| Damien Harris | \$6,100 | TEN@NE 1 | NE | Worth a play if Rhamondre sits |
| Aaron Jones | \$6,000 | LAR@GB 1 | GB | An early return for Jones would turn RB position upside down. |
| AJ Dillon | \$5,900 | LAR@GB 1 | GB | Completely dependent on health of Aaron Jones |
| Darrell Henderson Jr. | \$5,800 | LAR@GB 1 | LAR | Made JM's Player Grid but I'm a bit more weary of the touch splits with Sony and he's looking like 20% owned |
| Myles Gaskin | \$5,600 | CAR@MIA 1 | MIA | Has taken control of Miami backfield...for what that's worth. |
| Eli Mitchell | \$5,400 | MIN@SF 1 | SF | Clearly the preferred back in SF if he emerges healthy enough for full workload |
| Melvin Gordon III | \$5,300 | LAC@DEN 1 | DEN | Chargers give up rushing production and everyone wants to roster Javonte. Gordon might be sneaky |
| Jeff Wilson Jr. | \$5,300 | MIN@SF 1 | SF | If Mitchell and Wilson are both active I may just fade this backfield against improving Vikings run D |
| Rhamondre Stevenson | \$5,200 | TEN@NE 1 | NE | Very much in play if Damien Harris sits |
| Javonte Williams | \$5,200 | LAC@DEN 1 | DEN | Up and coming talent feels like race horse corralled in starting gate...waiting to explode |
| Miles Sanders | \$5,100 | PHI@NYG 1 | PHI | Eagles line should push Giants around but is Miles gonna step in and garner 65% of touches? |
| D'Onta Foreman | \$4,800 | TEN@NE 1 | TEN | Foreman was sexy last week and flopped. Now he'll be low-owned as field flock to Hilliard |
| Dontrell Hilliard | \$4,600 | TEN@NE 1 | TEN | As bmerr514 pointed out in Discord, Hilliard had TEN targets last week and Titans' cupboard is bare |
| David Johnson | \$4,500 | NYJ@HOU 1 | HOU | Feels gross to roster him but Jets really are that bad |
| Ty Johnson | \$4,300 | NYJ@HOU 1 | NYJ | I'm a fan of his game. Hopefully Jets brass views him in a similar light |
| Nyheim Hines | \$4,000 | TB@IND 11 | IND | He made it into my very first build this week. Happy to get confirmation from JM and OWS fan |
