

Player	\$	Column4	Colu	Notes
Alvin Kamara	\$8,200	ATL@NO 1	NO	Huge ceiling even with Mark Ingram and Taysom Hill looming. If money was tight, I'd be light. It ain't.
Christian McCaffrey	\$8,000	NE@CAR 1	CAR	If he plays, all kinds of hell is gonna break loose. Cats and dogs living together. Mass hysteria.
Austin Ekeler	\$7,900	LAC@PHI 1	LAC	Has become game script proof. Gets goal line carries as well as 2 minute dump-offs. Stud.
Dalvin Cook	\$7,700	MIN@BAL 1	MIN	Lack of pass volume has been a concern but Dalvin is still rare breed in current RB committee climate.
Aaron Jones	\$7,200	GB@KC 1	GB	Rotoviz splits tool shows that Aaron Jones sucks when Rodgers is out. Small sample size though.
Joe Mixon	\$7,100	CLE@CIN 1	CIN	Not projecting well vs stout run D but if this game shoots out, you'll want some Mixon.
Ezekiel Elliott	\$7,000	DEN@DAL 1	DAL	My Pollard best ball shares unhappy. Zeke is getting fed and thriving.
Nick Chubb	\$6,700	CLE@CIN 1	CLE	Feels like the type of week that Chubb goes apeshit...which scares me because I rarely overweight him.
James Robinson	\$6,400	BUF@JAX 1	JAX	Q
Cordarrelle Patterson	\$6,300	ATL@NO 1	ATL	Has become go-to guy but how much is that really worth if his team sucks? Projects well tho...
Josh Jacobs	\$6,200	LV@NYG 1	LV	Giants run D is suspect at best. Pair with raiders D vs Daniel Jones and we may be onto something
Chuba Hubbard	\$6,100	NE@CAR 1	CAR	Not really interested even if CMC sits again.
Damien Harris	\$6,000	NE@CAR 1	NE	Slow paced game vs tough defense.
Devontae Booker	\$5,900	LV@NYG 1	NYG	He's in the Player Grid AND listed as leverage in End Around. Hello!
Myles Gaskin	\$5,800	HOU@MIA 1	MIA	JM likes him. Hilow doesn't. Football vs math. I'm riding him and will humbly accept Hilow's insults if I fail.
Eli Mitchell	\$5,800	ARI@SF 1	SF	His health and the health of Jeff Wilson Jr. are determining factors here. RBs with bad ribs are risky.
Darrel Williams	\$5,700	GB@KC 1	KC	Something named Derrick Gore stole snaps and GL work last week...but then they leaned on DWill. WTF?
D'Ernest Johnson	\$5,400	CLE@CIN 1	CLE	
Zack Moss	\$5,300	BUF@JAX 1	BUF	My favorite in this pay-down range. Script could lead to GL carries and he's being targeted, too.
James Conner	\$5,300	ARI@SF 1	ARI	F.U.
Chase Edmonds	\$5,300	ARI@SF 1	ARI	Love the player. His legs look energized and dynamic. James Conner ruins everything.
Melvin Gordon III	\$5,200	DEN@DAL 1	DEN	
Boston Scott	\$5,200	LAC@PHI 1	PHI	Chargers bad vs run but I'll feel like a complete fish rostering Scott. I'm not afraid of being fishy though.
Kenyan Drake	\$5,100	LV@NYG 1	LV	
Kenneth Gainwell	\$5,000	LAC@PHI 1	PHI	
Devonta Freeman	\$4,900	MIN@BAL 1	BAL	I'll play one lineup correlated with Ravens D just so I don't tilt when he scores the only 2 TDs of the game.
Javonte Williams	\$4,800	DEN@DAL 1	DEN	His day is coming...tick tock, tick tock.
Mike Davis	\$4,700	ATL@NO 1	ATL	Has gone from exciting three-down back to one-dimensional plodder. Kinda sad.
