

Player	\$	Column4	Column	Notes
Lamar Jackson	\$7,800	BAL@PIT 1:	BAL	I've lost money on Lamar over time but I feel some regression is coming to me
Kyler Murray	\$7,500	ARI@CHI 1:	ARI	I like him a bunch if it appears he'll go overlooked
Matthew Stafford	\$7,300	JAX@LAR 1	LAR	Just pay the \$7300 and stack the shit out of him
Tom Brady	\$7,200	TB@ATL 12	TB	Always stack Tommy or he'll make you wish you had
Jalen Hurts	\$7,000	PHI@NYJ 1:	PHI	A positive report on health would make this a very high ceiling play. He looked like shit last week though
Justin Herbert	\$6,700	LAC@CIN 1	LAC	Will be popular cash game option which means solid median projection. Ceiling will depend on Bengals keeping up tempo
Kirk Cousins	\$6,500	MIN@DET	MIN	Only 3-4 stacks for me. I prefer the run game
Russell Wilson	\$6,400	SF@SEA 12	SEA	It's a long shot but given ownership, I'm compelled to run a few Seahawks stacks with Aiyuk/Kittle coming back
Joe Burrow	\$6,300	LAC@CIN 1	CIN	Solid option. Chargers will hopefully push him into more plays. I'll try and get 10 stacks
Carson Wentz	\$6,100	IND@HOU	IND	Assumption of Taylor dominance will keep Wentz/Pittman/Pascal stacks low owned.
Derek Carr	\$6,000	WAS@LV 1	LV	Weapons are diminishing and Mariota looms as red zone threat...but matchup and price are gorgeous
Jimmy Garoppolo	\$5,700	SF@SEA 12	SF	I've been riding Jimmy lately and learning first hand about his lack of upside. One more try! LFG!
Matt Ryan	\$5,600	TB@ATL 12	ATL	He will have to heave the rock 40 times. Not sure who will catch it though.
Taylor Heinicke	\$5,600	WAS@LV 1	WAS	This might be the week this weirdo wins us all the money.
Tua Tagovailoa	\$5,500	NYG@MIA	MIA	Matchup suits him and price is right yet no one really chatting him up. Waddle/Parker/Golladay has some cheap upside
Colt McCoy	\$5,400	ARI@CHI 1:	ARI	
Tyrod Taylor	\$5,300	IND@HOU	HOU	
Andy Dalton	\$5,300	ARI@CHI 1:	CHI	
Jared Goff	\$5,200	MIN@DET	DET	
Zach Wilson	\$5,200	PHI@NYJ 1:	NYJ	
Trevor Lawrence	\$5,100	JAX@LAR 1	JAX	
Ben Roethlisberger	\$5,000	BAL@PIT 1:	PIT	I made 2 Ben/Diontae/Freiermuth/Hollywood stacks. I don't hate them
