

Sonic's PPW - RB

Player	\$	Column4	Colu	Notes
Jonathan Taylor	\$9,200	IND@HOU	IND	Obv smash spot but I probably can't afford to be over the field here because I don't love the value options at WR.
Austin Ekeler	\$8,300	LAC@CIN 1	LAC	Gonna try to boost him in the opto and cap him at 12% to get around 2x the field.
Joe Mixon	\$8,100	LAC@CIN 1	CIN	Love the recent boost in volume and the matchup is prestine. Price, however, is fair.
Najee Harris	\$7,700	BAL@PIT 1	PIT	Gonna try to boost him in the opto and cap him at 10% to get around 3x the field.
Alexander Mattison	\$7,600	MIN@DET	MIN	Will touch football many times vs bad defense. Gotta have shares.
Leonard Fournette	\$7,300	TB@ATL 12	TB	Broke the slate last week and will still be low-owned enough to serve as leverage...again.
Cordarrelle Patterson	\$7,000	TB@ATL 12	ATL	Don't play RBs against Bucs is a good motto but Cpatt is different and TB is giving up 3rd most receptions to RBs.
Saquon Barkley	\$6,300	NYG@MIA	NYG	Consensus around the industry is "given lack of production, why risk it if with so many options". May lead to miniscule ownership
James Robinson	\$6,200	JAX@LAR 1	JAX	Questionable and strewn amidst better RB plays
Darrell Henderson Jr.	\$6,100	JAX@LAR 1	LAR	In a great spot but his quad may have made other plans.
Josh Jacobs	\$6,000	WAS@LV 1	LV	If he puts up a tournament-winning score this week I'll break several lamps. Fuck these damn lamps
Eli Mitchell	\$6,000	SF@SEA 12	SF	Based on the writeup in the Edge, I'll likely match the field here or dip under a little
James Conner	\$5,900	ARI@CHI 1	ARI	Getting the volume and being efficient with it, plus we know he's a TD maker
Myles Gaskin	\$5,800	NYG@MIA	MIA	Still fading odds and presenting himself as a viable play. I'll have a few shares paired with Miami D and a couple with Tua
Antonio Gibson	\$5,700	WAS@LV 1	WAS	Best price-considered RB play on the slate. Ownership is your only problem. I'm not hesitating to roster him
David Montgomery	\$5,600	ARI@CHI 1	CHI	Perfectly fine play on a slate littered with better-than-fine plays
Devonta Freeman	\$5,500	BAL@PIT 1	BAL	I built a Ravens onslaught lineup today and it's gonna win me a million dollars. I'll send a postcard from Tah
Jamaal Williams	\$5,400	MIN@DET	DET	I don't feel awesome about this play. It may bite me but at this crazy ownership, I'll semi fade
Miles Sanders	\$5,200	PHI@NYJ 1	PHI	Jordan Howard is out and Boston Scott is questionable. If Boston sits, I'll be 20% Sanders. If Scott plays, 15%
Sony Michel	\$4,300	JAX@LAR 1	LAR	Huge late swap situation looms as we're unlikely to get a Schefty bomb that clarifies Henderson's status
