

## Sonic's PPW - QB

Player	\$	Column4	Colu	Notes
Patrick Mahomes	\$7,700	PIT@KC 12	KC	My interest is obv dependent on the availability of his primary weapons. Just heard that Tyreek is in. Obstacle #1 cleared
Josh Allen	\$7,500	BUF@NE 12	BUF	Ran six time for 39 yards vs Pats three weeks ago. I'll smash the over on that this week. Ceiling is there but odds of reaching it lowered in this possible slugfest
Tom Brady	\$7,400	TB@CAR 12	TB	I never fade future Hall of Fame players despite circumstances. He still has Gronk. Also had a week of practice with understudies
Justin Herbert	\$7,200	LAC@HOU 12	LAC	One of the obvious ceiling plays on the slate. Potential negatives include Texans not pushing them enough and lack of Ekeler who is an "engine guy"
Matthew Stafford	\$6,700	LAR@MIN 12	LAR	Will be over 10% owned which is chalky for QB but couldn't care less. I'm at least matching the field
Jalen Hurts	\$6,400	NYG@PHI 12	PHI	I haven't heard a ton of chatter this week which is odd for someone with his ceiling. Giants D isn't awful tho
Kirk Cousins	\$6,200	LAR@MIN 12	MIN	Uptemp affair and likely in play-from-behind mode. If variance leads to passing TDs instead of Mattison plunges, we may have something here
Russell Wilson	\$6,100	CHI@SEA 12	SEA	This is the week we find out if Russ can still cook. Bears are awful on D. Dick Butkus is rolling in his grave despite being very much alive
Tyler Huntley	\$6,000	BAL@CIN 12	BAL	Oh shit. Positive test on Christmas day.
Joe Burrow	\$5,900	BAL@CIN 12	CIN	This is a game I've earmarked as "I hope like hell this one shoots out". Very stackable and sexy
Derek Carr	\$5,800	DEN@LV 12	LV	Slow paced game and Raiders have been bad. At least ownership will be low!
Cam Newton	\$5,600	TB@CAR 12	CAR	If you believe Coach's "Sam Darnold will get some snaps" talk, Cam is a bad play
Davis Mills	\$5,500	LAC@HOU 12	HOU	I don't <i>hate</i> this play. Will need to keep pace and Mills has shown some signs. Keep an eye on Brandin Cooks' status
Ben Roethlisberger	\$5,500	PIT@KC 12	PIT	It would just like this dickhead to play well after I pissed away 10% of my lineups on him last week
Matt Ryan	\$5,400	DET@ATL 12	ATL	I'll stack a few with Gage/Pitts/Zacchaeus
Mac Jones	\$5,300	BUF@NE 12	NE	Bills pass D has proven to be elite, even without Tre'Davious White.
Zach Wilson	\$5,300	JAX@NYJ 12	NYJ	
Justin Fields	\$5,200	CHI@SEA 12	CHI	Foles looks to be getting the start
Drew Lock	\$5,100	DEN@LV 12	DEN	Milly has been won by stranger plays. Lock does sling it. Denver would need to fall way behind early so don't play him without a Raider
Jake Fromm	\$5,000	NYG@PHI 12	NYG	
Trevor Lawrence	\$5,000	JAX@NYJ 12	JAX	Last week I said that if he doesn't do it this week he never will. This week I <i>really</i> mean it
Tim Boyle	\$4,000	DET@ATL 12	DET	I'm gonna play a few cuz he's 4k and I'm freaky like that
Nick Foles	\$4,000	CHI@SEA 12	CHI	Hilow makes a case for him in End Around. Check it out
Josh Johnson	\$4,000	CHI@SEA 12	SEA	Wow. ANOTHER 4K starting QB. This slate is drunk
